

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Part - Ingersoll Rand offers products, solutions and services so as to increase the productivity and ensure efficiency within industrial, commercial and residential environments. They pride themselves in providing products to be able to improve the safety, comfort, security and health of people all over the globe all through their four international segments.

The Climate Solutions division provides a world-class product line of energy efficient HVACR solutions for clients. Thermo King is the leader in transport temperature control, while Hussmann is a manufacturer of refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient heating ventilation and air conditioning systems, building and contracting advanced controls, services and parts support for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies sector offers solutions and products which improve their customers' operation, energy efficiency and productivity. The product range is diverse ranging from tools and pumps, fluid and material handling systems to complete compressed air systems. They have also developed Club Car, the global leader in utility and golf vehicles designed for companies and people.

Brand names like Trane and Schlage deliver residential solutions which offer comfort, safety and efficiency to home owners across North America. Their innovative products consist of electronic and mechanical locks, indoor air quality solutions, air conditioning and heating systems, advanced controls, remote home management and portable security systems.

Ingersoll Rand' Security technologies provide products which ensure safe, productive and secure environments. This division's market leading products comprise floor and door closers, portable security devices, exit devices, biometric and electronic access control systems, cabinet hardware, steel doors and frames and locks, locksets and decorative hardware. Schlage even has products which offer personal, time and attendance scheduling systems.
