

## Concrete Hopper

Concrete Hoppers - This attachment is a self-dumping hopper that automatically starts to dump as bumper release contacts the side of a dumpster. Once unloading is done, the hopper returns to a locked and upright position. This particular piece of machinery even comes together with a cable which enables operation from the seat of the forklift in order to have the option of manually unloading the hopper. There is a locking chain provided in order to lock the hopper to the tire truck. This particular product is constructed with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper likewise has a blue powder coat finish in order to maintain durability.
