

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how long and tiresome it will be to clean-up right after a party, with out assistance from equipment. Previously, the dust from upholstery and carpets had to be beat out of them manually; brushes, cleaning cloths and brooms were the best cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After starting his company in the year 1906, he began to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the start was to have an international business advertising products worldwide.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This invention came in a time where other cleaning equipment were huge and required at least 4 operators, therefore, the Nilfisk C1 changed everything and evolved the way we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an existing crisis; stuff get dirty and must be cleaned frequently, without too much effort.

Slowly but progressively, Nilfisk-Advance developed through the years. In the 1980s, this growth truly took place the time the company became a part of the NKT Group. Their new owners' ambition and motivation made Nilfisk-Advance take a huge leap ahead within the trade, trying to be amongst the biggest global players in the market of professional cleaning equipment. Nilfisk-Advance is presently located in all parts of the world by steadily obtaining a lot of small companies in order to expand their product selection and presence in new markets. They are proud to present various cleaning solutions to fit every need.
